

**Topic: Community and Citizenship Goals**

**Let's get started...**

Where in the community did you go today? What community resources did you use today?

**Background:**

Participating in the community has many advantages. For example, becoming a U.S. citizen allows you to vote in elections, have government jobs, and travel with a U.S. passport. Getting a driver's license allows you to have transportation. Getting a library card allows you to check out books and other materials from the library. Volunteering in the community allows you to meet new people and make a difference in your community.

**In pairs for 5 minutes, ask and answer these questions:**

How do you use the following community resources?

- Bus
- Post office
- Library
- City Hall
- School

**Share your partner's answers with the group.**
